Create your 2-Step verification account

Follow these steps to set up an account for 2-Step verification. You only need to do this once.

1. Go to onyen.unc.edu and click Register and Manage 2-Step Verification.
2. Sign in with your Onyen or guest ID and password.
3. From the Register & Manage 2-Step Verification screen, click Start Setup.
4. Enter your PID (or click Forgot your PID? to look it up), the last four digits of your social security number (SSN) and your date of birth (mm/dd/yyyy).
5. Click Submit.

Result: The system displays the Protect Your University of North Carolina at Chapel Hill account frame.

6. From the Protect Your University of North Carolina at Chapel Hill Account frame, click Start setup.

Important: Do not use your browser’s Back button if you need to return to an earlier screen.

7. From the What type of device are you adding? screen, click Mobile phone and click Continue.
8. Choose the country associated with your mobile phone and type your 10-digit phone number.
9. Make sure you typed the phone number correctly, mark the box and click Continue.
Important: Even if you have a smartphone...

10. On the Choose your operating system screen, select Other and click Continue.

Result: The system displays the My Settings & Devices page and your device is listed in the box.

11. Click Continue to Login.

Result: The system displays the Choose an authentication method page and green bar at the bottom of the screen tells you that enrollment was successful.
